

TEEN SUPERVISION FORM

ATTENTION:

Parents of minors who will stay at the Gathering
in accommodations apart from their parents

In the past we have had some injuries, some monitoring difficulties, and some strained interactions with camp personnel over the behavior of some of our young attendees. We are determined to demonstrate that we can manage the behavior of our young attendees in a safe and sensible manner.

Thus, it is our policy to require parents of teens staying apart from them to be responsible for the teen's behavior at all times. There will be an adult in the teen's dorm assigned to be aware of the teen's behavior, and this adult will contact the teen's parent if necessary (including curfew violations by the teen). Parents will then take responsibility for handling any problems.

I _____ (adult) am responsible for _____ (teen or child) while at the Southeast Gathering.

I am staying in the following location _____ and will or will not have a cell phone: The number is _____.

I understand that the teen is required to be back in their dorm at 11:30pm and check in with _____, the adult who has agreed to be responsible for them in the dorm.

IF THEY DO NOT REPORT BACK TO THE DORM BY 11:30 the adult in charge will contact me and I am responsible for finding the teen and taking charge of them in my cabin after that.

Signed:

(teen in dorm)
